Notice of Upcoming Tree Removal Work San Leandro Creek at the end of Saint Mary Avenue

Dear Resident,

Alameda County Flood Control and Water Conservation District (District) will be conducting tree removal and pruning work along San Leandro Creek in the vicinity of Saint Mary Avenue. The following construction information is provided for reference:

Anticipated Construction Schedule

- ❖ Start date: October 17, 2011
- ❖ Duration: Up to three weeks, subject to change due to weather and unforeseen conditions.
- ❖ Construction hours: 8:30 AM to 5:30 PM, Mondays thru Fridays. No work on weekends.
- ❖ Truck haul route: along Saint Mary Avenue to Dutton Avenue to East 14th Street to Davis Street to I-880 Freeway. Truck hauling will take place during construction hours only.

During Construction Hours

- ❖ No parking will be allowed for approximately 300 feet from the end of Saint Mary Avenue, to provide construction staging area.
- ❖ Construction equipment will be staged at the end of St. Mary Avenue.
- ❖ Trucks will be traveling in and out of Saint Mary Avenue, hauling tree trunks and limbs.
- ❖ During the work hours, some driveway access may be temporarily restricted to accommodate the removal of large tree trunks and limbs.

After Construction Hours

- ❖ No construction equipment will be parked or staged on public streets unless approved by the City of San Leandro.
- ❖ The street will be clear of construction equipment at the end of each day, and any parking restrictions along curb side will be restored after 5:30 PM.

If you have any questions about this project, please contact Moses Tsang at 510-670-6549 or Karina Rivera or Kevin Cunningham from Supervisor Wilma Chan's Office at 510-278-0367.
